

DEPARTMENT 7 - DAIRY CATTLE

Code of Ethics Part I

1. Misrepresenting the age of the animal for the class in which it is shown.
2. Balancing the udder by means other than by leaving naturally produced milk in any or all quarters.
3. Treating the udder, internally or externally with an irritant, counter-irritant, or any other substance to temporarily improve conformation or produce unnatural animation.
4. Minimizing the effects of crampiness or lameness by feeding or injecting drugs.
5. Surgery of any kind performed to change the natural contour or appearance of the animal's body hide or hair. Not included is the removal of hair and trimming of hooves.
6. Insertion of foreign material/articles under the skin, into the topline or on the feet.
7. Criticizing or interfering with the judge, show management or other exhibitors while in the show ring or other conduct detrimental to the breed or the show.

Code of Ethics Part II

1. The provisions of this part apply to entries of a breed regulated by a breed association which has adopted this part.
2. If intended for use in contravention of the Code of Ethics, no exhibitor and no agent, employee or other person acting on behalf of an exhibitor, shall have in his or her possession or control any hypodermic syringe, needle or other device; swabs, cloths, or other material, or any medicine, preparation or substance, whether in liquid or any other form.
3. Exhibitors will not be allowed to wrap hocks or drain fluid from hocks at a show.
4. All entries and the personal property of all exhibitors, their servants and agents and persons acting on behalf of exhibitors, are subject to inspection by inspectors authorized by a show. All such persons shall co-operate with the inspectors and shall provide all such information in connection with such inspections and shall provide access to the animal and all information reasonably required by inspectors in connection with such inspections and shall provide, if so requested, samples of urine and blood suitable for analysis. Exhibitors shall also remove any udder supports, blankets or other objects limiting the ability of the inspector to undertake a thorough inspection. In particular, the inspectors shall be informed, in advance, of the nature of any medicine, treatment or substance administered to any entry and the reasons therefore. Inspections under this paragraph may be carried out at any time while the animal is at the show and elsewhere in the period ending 30 days after the termination of the show between the hours of 6:00 a.m. and 8:00 p.m.
5. Any inspector may, at any time, require the delivery to him of any hypodermic syringe, needle or other device, swabs, cloths or other material, or samples of any medicine, preparation or substance whether in liquid or other form in the possession or control of the exhibitor, his servants, agents, or persons acting on behalf of the exhibitor for the purposes of laboratory analysis.

6. A. Subject to the provisions of subparagraph 5.(b), the following entries are disqualified and shall not participate further in the Fair in which the entry is disqualified.

(1) Any animal determined by an inspector (who is a veterinarian) to have an udder manifesting any of the following: localized swelling, oedema, erythema, sensitivity, reddening, firmness, warmth of exfoliation of the skin, but excluding general oedema associated with parturition or mastitis, or a sore in the area where the large blood vessels enter the udder.

(2) Any animal entered by an exhibitor who, or whose servants, agents or persons acting on behalf of the exhibitor, fails to co-operate in the inspections provided for under paragraphs 3 and 4.

(B) The inspector's determination pursuant to subparagraph 5.(a)(1) is subject to an appeal by the exhibitor to the appeal committee appointed by the Executive Committee for the purpose. Any such appeal must be made by notice in writing delivered to either the General Manager or General Superintendent within one hour.

In keeping with the basic philosophy of the Fair Association, ethics are an individual responsibility. However, it should be understood that violators are subject to the disciplinary provisions of their breed Association's Rules and Regulations.

Top Breeders Herd

An award will be presented by Royal Bank, Winchester Business Centre, Winchester

Breeder's Herd: A group of three (3) animals limited to one exhibit per exhibitor. Three animals from the same breeding unit or three animals carrying the same prefix are eligible. The exhibitor must solely or jointly own at least one animal in the group; the other two animals may be owned by other exhibitors. Each animal must have been exhibited in one of the classes for single animals.

Premier Exhibitor Award

A banner will be presented by Royal Bank, Metcalfe to the individual, partnership or institution having the highest number of points won in the individual female classes by not more than ten animals owned by the exhibitor. This does not limit the number of animals that may be shown. In the case of jointly owned animals, joint ownership is considered as one exhibitor. No part of the points awarded counts toward the individual score of any of the joint owners. Points will be awarded on the following basis:

	1st	2nd	3rd	4 th	5th
Senior Females	20	18	16	14	12
Junior Females	10	9	8	7	6

Premier Breeder Award

A banner will be presented by Barry's Home Hardware, Russell to the breeding unit (individual, partnership or institution) having the highest number of points that have been won in the individual female classes, by not more than ten animals, bred but not necessarily owned by the winner. Calculation of Premier Breeder is readily determined in all identified cases from Certificates of Registry, either 1) from the breeder section or 2) in the case of a within-herd family transfer with alphanumeric code, by utilization of the animal's prefix or 3) from animals carrying the same prefix. Points are awarded as for Premier Exhibitor. In the case of jointly owned animals, joint ownership is considered as one exhibitor. No part of the points awarded counts toward the individual score of any of the joint owners.

☞ NOTE: IMPORTANT - All Holstein animals must have a plastic N.L.I.D. tag. (Dairy-E-Z-E-IR Reg. or transition) in order to be exhibited.

☞ NOTE: IMPORTANT - All exhibitors must sign the mandatory exhibitor agreement form and return it with entries regarding compliance to the code of ethics prior to exhibiting animal or animals at an Ontario Holstein Branch Sanctioned Show.

NO EXCEPTIONS
